ADVANCED TECHNOLOGY & DIGITAL ENGINEERING

Proposal Ref: DM-PROP-2026-HRJ
Date: November 4, 2026
Status: Ready for Client Sign-Off

Comprehensive Hospitality & POS Suite Handover

A unified digital ecosystem engineered exclusively for **Hotel RJ** to automate tableside ordering, counter operations, web guest acquisition, and social marketing with **Zero Ongoing Monthly Cloud SaaS Fees**.

PREPARED FOR (CLIENT):
Hotel RJ (Management Board)
Suriya Road, Bagodar, Giridih, Jharkhand – 825322

DEVELOPED BY (AGENCY):
Digital Morons
Lead Engineering Unit & Hospitality Systems

★ Full IP & Source Handover | ✓ ₹0 Monthly Software SaaS | Annual Domain & Hosting Covered | Social Media Ads Launch | 3 Months Free Support Included

1. THE INTEGRATED SOLUTION ARCHITECTURE

🌐 1. Luxury Web Portal, Domain & Hosting

- **Domain & Hosting:** Live at `https://www.hotelrj.co.in` (₹1,199/yr domain + ₹599/mo cloud hosting).
- **Direct Bookings:** Direct WhatsApp/Call room reservations, avoiding 18%–25% OTA fees.
- **Interactive Guest Menu:** Clean categorized digital food menu with instant QR code access.
- **Google Indexing & SEO:** Schema.org Hotel metadata, sitemap.xml, robots.txt, and Search Console.
- **Guest Privacy:** Staff Waiter POS navigation completely secluded from public sight.

📱 2. Staff Android Waiter POS App (APK)

- **Floor Staff Optimized:** High-contrast touch UI for waiters of any education level.
- **Live 20-Table Control:** Visual status indicators (Occupied, Billing, Vacant).
- **Wave & Round Ordering:** Fire appetizers first, add entrees later with zero duplication.
- **Preset Cooking Notes:** 1-tap fast notes ("Less Spicy", "No Onion", "Crispy").
- **Bluetooth Thermal KOT:** Fast ticket printing on 58mm/80mm wireless ESC/POS printers.
- **Live Heartbeat:** Broadcasts waiter presence to counter terminal every 12 seconds.

🖥️ 3. Windows Desktop POS & Embedded Sync Hub

- **All-in-One Desktop Package:** Electron desktop station with built-in Port 5050 sync server.
- **Zero-Cloud Local Wi-Fi Sync:** Instant communication between mobile APKs & counter without internet.
- **Live Floor Staff Monitor:** Real-time overview of active waiters, active tables, and open checks.
- **Silent Thermal Billing:** Virtual Serial COM5 integration for Seznik 2in1 thermal printer.
- **Firewall Automation:** Automatic Windows Defender Port 5050 configuration script.
- **Audit Logging:** Warning, sync, and audit trace persistence in local `%APPDATA%`.

📢 4. Social Media Ads & Digital Campaign

- **Grand Trunk Road (NH-19) Corridor:** Targeted campaigns attracting highway travelers and tourists.
- **Local Dining & Banquet Reach:** Social media promotions targeting Bagodar, Suriya & Giridih districts.
- **Google Business Profile Optimization:** Verified location, phone hooks, menu, and customer photo showcases.
- **Meta/Instagram Ad Creatives:** Custom visual ad concepts promoting rooftop banquet hall and family dining.

2. DEDICATED ENGINEERING & GROWTH TEAM (5 SPECIALISTS)

To deliver this integrated multi-platform ecosystem, Digital Morons deployed 5 dedicated specialists:

1. Principal Systems & Full-Stack Architect
Architected the embedded Port 5050 sync engine, 2-way table state merging, Electron daemon, and cloud hosting infrastructure.

2. Senior UI/UX & Frontend Designer
Crafted the luxury obsidian-gold responsive web branding, intuitive touch layout for floor staff, and high-contrast digital KOT tickets.

3. Native Android & Mobile Bridge Specialist

4. Desktop Systems & Hardware Integration Engineer

Developed Capacitor native plugins, Android 9–14 network security policies, Bluetooth ESC/POS print spooler, and floor heartbeat.

Built Windows Electron counter app, NSIS packaging, Seznik COM5 Bluetooth driver mapping, and automated firewall scripts.

5. Digital Marketing, Technical SEO & QA Lead

Executed domain/DNS routing, Google Search Console & Schema.org indexing, local Meta/Instagram ad setup, and multi-device Wi-Fi QA.

3. FAIR MARKET VALUE VS. HOTEL RJ PACKAGE PRICING

Standard enterprise market costs in India for custom hospitality development, local synchronization, hardware engineering, and digital setup range from ₹3,25,000 to ₹5,50,000. Under our client partnership, Digital Morons provides this complete package:
